

# Advertising and Marketing Training

## July 5, 2018

Richard Dennis has an excellent training in the archives on SEO and checking a website for it's ranking. Search the archives for Subject.

### **97% of failure is self-image. You can build that self-image by doing what Michael does:**

Michael says all his success is the direct result of his positive self-talk. It is required to be successful in life and as an entrepreneur. With that I share one's best chance. When we say this self-talk eight times per minute for at least 1000 times daily, we will eventually develop the FAITH to begin getting those "hunches" or "inspirations" that will lead us toward our goal.

**I am having fun, attracting and sponsoring, leaders into my business, easily and consistently, through education and teamwork.**

When I started I said mine 50 times and thought how in the world could one ever say it 200 times. Before I knew it I was saying it 1000-1500 times daily.

When we say our self-talk with enough emotion, after about a month, we will be saying it automatically. That's when we know our subconscious mind has begun believing us and is passing on to a greater power what we are saying we DESIRE.

The next step is to be COACHABLE. COACHABLE means being open minded. Being willing to learn and not having the need to reinvent the wheel or attempt to do something different than what is already proven to work here in Mentoring For Free.

That is why You are here. You want to learn what the millions of successful people have learned over the last 8 decades (personal growth each Wednesday) and when participating in our weekly calls.

Another requirement is to communicate regularly with Your mentor, learning what has worked by following simple instructions. That is what You can do right here in Mentoring For Free.

**Self-talk will help You tremendously when promoting Your ebook.**

Ken Klemm mentioned last Thursday on this training that, most people read the subject and the PS.

I often use the PS: Not a penny charged for our training in 13+ years.
